The City of Circleville reads meters on a monthly basis and bills on a monthly cycle. All water/sewer bills are the due the 20th of each month. If the payment is not received by the due date, a 10% late fee is added to the account.

A delinquent notice is mailed for any bill that is not paid by the due date. The delinquent notice is mailed to the tenant of a property as well as the property owner.

If the payment is not received by the end of the day, on the date stated on the delinquent notice, then the address is subject to the disconnection process.

- (For example, a bill mailed August 1 will be due August 20. If that bill is not paid by the due date, a delinquent notice will be mailed Aug 21. The delinquent notice will list the final date to pay to avoid the disconnection process).

Any property, which is unpaid on the disconnection processing day, regardless if a tag has been delivered or of if the property is shut off or not, is subject to a \$25 service charge. The disconnection process begins on the 2nd Friday of each month; the final date to pay is always the Thursday prior.

If water is disconnected for nonpayment, it will not be restored until the full past due amount and the \$25 service charge is paid. Upon payment, water services will not be restored until the following business day. **If you wish to have water services restored the same day, you must pay the full past due, the \$25 fee, and the current bill so you're your account reflects a zero balance.**

Re: Rental property disconnection between tenants

The City of Circleville, Department of Utilities', has a standard procedure for the closing of accounts, after your tenant has moved from your property. Our procedure is to disconnect the water (where we are able to), when we are notified that a tenant has moved. The water will remain off, until you advise the Utilities Office that you would like it turned on or until the next tenant signs up for water services. There is no charge for this service; however, we do ask for a 24-hour notice of the water reconnection need.

If you would rather the water service always remain on between tenants, you may do so, however we will need this request in writing. We will then make the notation on the service address, and the water will remain on, between tenants. You may make notation on the bottom of this letter and return it to our office. Or you may provide us with a paper, with your signature and a listing of the properties which you own, letting us know that you would like to have the water left on.
